I was already working on a briefing paper revision, so I just followed through.

That means we'll have this updated version in the bank for whatever comes next.

It was really out of date, so the exercise was worthwhile.

ADs, we can talk on Monday about whether to move our mini retreat from April 6 back to March 23. We might be likelier to have Kristin back by April 6.

Jane, Kathleen and Scott,

Stan Meiburg's visit is postponed, as he must attend a Congressional oversight hearing. I appreciate your willingness to brief him on Bay Delta and Communities, respectively, and will ask about your availability

if/when his visit is rescheduled.

Thanks, Alexis
